Subject: [EXTERNAL] Byhalia Oil Pipeline

To Whom It May Concern

The Byhalia Oil Pipeline project should be rejected in 38109. This would cause home values to decrease and pollution in the area. The homes in Boxtown has had generations of families living in them, which promotes black home ownership. This project would be a disaster to our community. The residents in this area fully disagree with this and ask for support for plans to abandoned.

Sincerely,
